August 27, 2017 at 06:50 PM

MM

When I developed metastatic thyroid cancer while Chairman of Ophthalmology at WHMC, Bonnie took over managing all the day to day paperwork, orders, etc. She would bring only the important mail to me in the hospital room and would already have the reply done and was always correct. She was more than a right hand, she was a superstar. I could never get her to move over to Houston to be my assistant there but she was the best.
