Mary I will miss our Sat. conversations at SAPD Homicide. I'm sorry I just found out and I wish I could've done more for you.

I have known Mary well over 13 years, she was a Family Assistance Crisis Team Volunteer at the San Antonio Police Department. She was a blessing to the department, always giving her time assisting victims of domestic violence on Friday and Saturday nights at the East Substation She would also donate her talents, like crocheting hats for the homeless and helping in the F.A.C.T. Office as my assistant with data entry. Mary was more than a volunteer, she was my friend who I loved. I will missed her.

I have kniwn Mary for several years. I admired her willingness to faithfully volunteer her services for the Family Assistance Crisis Team/SAPD. Her help greatly lightened the workload and was deeply appreciated. Mary lived and worked with the simple attitudes that 'it's nice to be important, but more important to be nice. You will be dearly missed, Mary.

Mary was a good friend whom I met and worked with at Tobin Surveys for over 30 years. She was always willing to help and never forgot a birthday. She will be dearly missed by everyone who knew and loved her.

Mary especially loved her volunteer work, as she lived to serve others. It was hard on her when her health failed and she was unable to devote her time to helping others.

Mary had a love and passion for her animals,

She was so proud of her grandchildren Hailey, Joseph, Holly and Thomas. It meant the world to her when Joseph stayed with her and helped her after her health failed.

I met Mary about 18 years ago in a Volunteers In Policing meeting. Some years later I got to know her much better when the two of us worked together developing a search and communications training at Brackenridge Park for the volunteers. Reliable is the word that comes to mind when I think of her. The kind of person that would stay in the emergency room until after 2 in the morning with a friend when she herself had to go to work in a few hours. The kind of person you would call when you were having a panic attack because you knew she would eventually talk you down. She would offer to help her friend clean out a hoarders house...
She loved CSI and Detective films and I made the mistake once of calling her during one of them which earned her the name Grumpy Old Lady. That name would always make her laugh.
Knowing you has been a blessing Mary, and as long as I have a memory you'll always be there.
