“ I knew him while at SWT. He was a great guy, and I enjoyed the times we had there and as he started his career. I never saw him happier than when he was behind the camera. RIP my sweet friend.

“ George and I met in Junior High School when his family moved from Texas to Battle Creek, even back then he knew he would move back to Texas. It was in his blood so as soon as he was done with high school off he went to Texas. In Junior High we rode the bus together everyday with David Ayer they would always save me a place in line as we waited for our bus in Junior High until I moved out from the country to the suburbs. In high school we studied different things and we did not see each other day to day, but when ever we did run into each other it was as if no time had passed between us. We had a lot of fun seeing each other at our 20th high school reunion and as usual his happiness and light hearted warmth and wit were ever present. Since then I have only been able to connect very occasionally on FB. George you will be missed and I will miss you my long time friend.

“ George and I met in High School and our lives continued on a common path. We both spent our careers behind a camera. We shared a quirky sense of humor and an appreciation for things musical. I will so miss seeing his Facebook posts that often made me laugh out loud. If more people behaved like George, the world would be a far better place.

“ When I think of my years at SWT, you always come to mind. You were my friend and classmate and you never hesitated to help me with my radio editing and TV editing projects. I always enjoyed our talks when you'd give me a ride to San Antonio in Betsy. You died way too soon and know that you were loved by so many people. Your memory will be a forever blessing. Bye George.....Rest in Peace.
