“ I remember the many summers with grandpa and grandma while my parents worked and the many stories of monster fish and dove hunts Grandpa had to tell. I also remember the smell of cigars in the brownish chevy station wagon Grandpa Goel drove and the many trips to thrift stores with grandma. He was also present the first time I shot my first shot gun on a dove hunt with my dad and Gary. You will definitely be missed. Tony Phillip Granado

“ My siblings and I spent almost every weekend at my grandparents house growing up. Grandpa always had a cigar and beverage in a small brown bag when he would pick us up. He drove so slow but we didn't care because we just loved being with him. Grandpa would take us to the park, the track at the medical center to run around, the baseball field at St. Mary's to lay out side the fence and watch the games. I have so many fun memories of being with him. We love you and you will be in our hearts forever. Thank you for all the wonderful memories. Thank you for being an example of a strong caring grandfather. We love you forever Grandpa.

“ My dearest father

You were the most loving caring and giving man i knew..You were always there to support me in all the my sporting events i ever participated in..There you were ..running down the sidelines yelling Go Shelli go!!!as i would kick the ball and score many goals in my soccer days. All because of you pushing me to be the best at what ever sports played...Your were my number 1 cheerleader and support system..At a very young age teaching me all the survival skills and fishing ..oh ya..i remeber going to a place called Logans in the hill country..you'd pile us all in the wagon and have such a fun time being in the outdoors..beautiful streams and lucious hill country surrounding us..I can now imagine you in those prestine hills and rivers as you shine in paradise dad...i love you and miss you ..i will see you at the 2nd crossing of the river dad..until we meet again..rest easy daddy...i love and miss you so much

“ When me and my sisters were little we would spend the night with my Grandpa and Grandma Goel and at night before we would go to sleep we would lay down in front of the tv and my Grandpa would make a tent with the blankets and he'd say don't let the polar bears get us and he'd growl shaking the tent and we'd laugh pretending to fight the polar bears , I miss him and love him and know one day we'll talk again and i'll get to tell him how i played polar bear with my grandkids until then Grandpa i'll miss you.
