“ *I return here again with more understanding and I am here of curiosity
Adam Christopher Leard is my father who I haven't known very long
and have many questions about.. I don't know how well he was,
mentally or physically, but I would've liked to get to know him some
more...
I hope to learn more about my family.
See you around.*

“ Mr. Adam Leard, I want you to know that I was always very impressed with all your accomplishments in life. You had many struggles but you had kept moving forward as you should have. I continue to pray for you and pray that you obtain the rest you need. Continue to be who you were meant to be.

“ I know that our relationship together was at times less than stellar. Despite everything, all of our differences - and everything that happened; we brought two beautiful, bright, witty, amazing children into this world. You will always live on in them. Their big brown eyes, their devilish smirks, their love for music and dancing, and the way they manage to make sarcasm a part of their vernacular. I can't even begin to fathom what demons you were facing, and I'm sorry. I pray that you have found peace. I promised you once before and I will promise it again: I will do everything I possibly can to make sure they will always be well taken care of and will grow to live happy, healthy, and fulfilled lives.
