“ *Life is always so short. We learn so much and then we are gone. We never really never understand how much we are loved but family and friends do.*

“ *My heart is with you all as you say goodbye to Aunt Alice. I'm so sorry I wasn't able to be there this morning. I've been sick and didn't want to expose anyone. Being part of the family for so many years left me with countless warm memories, and Alice was such a special part of them. Her bright spirit will never be forgotten. Sending you all love, strength, and peace in the days ahead. ❤️🙏*

“ Met Alice in January of 1974 when I went to work at the City Water Board. She is a caring individual and always willing to help friends and family. I'll miss her calls as she checked on me especially when I was having cancer treatments. She loved her family and was proud of her daughters and grandchildren.
Prayers for Alvin and her family as she left too soon. ❤️

“ I met Alice when I was about 10 years old. She, Dorothy, and my mom worked together at San Antonio Water System (City Water Board). A few times I went with my mom to her workplace (I must have had an appointment or something) and that is when I met Alice. She and Dorothy were very good long-time friends for mom. When my mom was on hospice in Dallas, I called Dorothy and Alice to come right away if they wanted to see her. They dropped everything and came. After my mom died they guided me through everything I needed to do and even helped me pack up and move mom's things out of assisted living. Alice was a true friend and I am so saddened she left so suddenly. My heart goes out to Alvin and family.

“ Alice i still can't believe this all happened because I had a missed call from you early Monday & then you text saying about them shocking your heart, still didn't understand what was going on, then text me AFIB liquid lung & still wondering what was happening but since I knew you were in ICU didn't call you. Then you called me Monday the 13th evening, while you were in ICU we spoke about why you were in hospital & we hung up so you could rest. Went to see you Wednesday afternoon & you knew we were there & spoke to us & not realizing what was to happen. I will dearly miss you & your calls always checking up on us and always very caring. We worked together for close to 30 years & shared a lot of memories & seeing our kids grow. Little did you realize how you were loved. May you rest in peace my good friend. Will miss our chats.

“ It seems impossible to say goodbye to a friend of 53 years. It all happened too fast. I wasn't ready for you to go. Saying I will miss you is an understatement. We had many good times together and a lot of laughs. You're forever in my heart. I have many memories of you being a "Mother Hen" to me. You're at peace forever now. Love ya!

“ ALICE , it was a pleasure to know you for so long at work. I remember the first day I had to go ask you a question, I was so scared, new in my job, You screamed at me and ask me didn't they train you down there. and then we started laughing cause I said no they told me I had to learn from the best.....

You said no one compliments around here lol But she was so solid in her job knowledge she even train me to become the best person, cause words and all.

I am so glad we continued our friendship after retirement on phone calls complaining about our aches and pains..lol I will miss you dearly my friend. God is receiving one of his best children YOU!! I will miss our phone calls but the memorable moments we shared will never be forgotten REST IN PEACE GIRLFRIEND
