I was lucky to have known her although it was many years ago.

“ *I had Ms.Clark, my sophomore year in high school as my accounting teacher she always seemed to be so happy no matter what was going on. She made the class fun and something I won't forget..Ms.Clark always had a giant smile on her face when I saw her , almost everyday walking to my math class junior year I'd give her a high five in the hallway as I passed her class. She was one of my favorite teachers she will be dearly missed.*

“ I am a senior at Clark High School right now and was a student of Ms. Clark. I had her my sophomore year for Accounting I, junior year for Accounting II and this year, third period for Bank and Finance. She was an amazing teacher and she always had a smile on her face everyday even when you can tell she was having a rough day. Her laughs, stories and jokes would always make me and the students laugh and that's what I am going to miss about her. School isn't the same without you Ms. Clark, you will be missed.

“ My thoughts are with your family Amy. I am saddened to hear of your passing. You were a bright light in this world, your smile was addictive.
I enjoyed knowing you in your teenage years. Was hoping to see you soon but God had other plans. Fly high on your angel wings my friend.
Praying your family finds peace.

“ *Amy and I talked the day, and then the night away at the July meeting. We covered so much ground talking about anything and everything; about life, love, family, hopes, and dreams. We laughed, we reflected, we shared a very special day, In the end we watched the fireworks together. She was happy, and made me happy. I will never forget every time we interacted, but especially that day, as I was truly blessed to share your spirit, all very treasured memories. I will hold them close, and dear. I will miss your smile, and your laugh, and the way you made me feel at home. I will miss my friend.*
