My Tia Andrea.. It's hard put in words what you mean to me but the best way I can describe it is just pure unconditional love. You have always shown your love with even so many miles between us and I appreciate everything you've ever done for my family and I. They can all attest to how loving and giving you were. You were the most genuine person anyone could ever meet and your heart was just as big as your smile. I am going to miss you so much Tia but I at least know you will always be with me and you will always be remembered. I love you forever and always and will live life striving to be a good of a person as you were. Love you Tia your nephew Sammy

My beautiful sis. You are and will forever be in my heart. I know you are an angel watching over us. That beautiful smile is forever stained in my heart and mind. You are the kindest most loving person I've ever met. I can only hope and pray that one day I will be half the person you was. I love you so much and will see you again one day. I promise you will never be forgotten.
