“ When I wrote my comments, the other day, I didn't know what to say because I had just recently met Helen and her children (well, most of them). But after reading Yolanda's comments, I remembered my feelings after first meeting this side of my family, I was impressed with my cousins. I remembered thinking that Helen must of done a great job as a mother because her kids were so kind and welcoming towards me. We had a wonderful time getting together at Joe's house. Helen really did well in her lifetime to create a beautiful family. I'm happy I met her.

“ *Margie,  
My deepest condolences on the loss of your mom. I am confident that she cared for her family as much as she cared for those she served as a nurse. Losing a mother is difficult except for the rush of memories that flood our minds...those things that we cherished most. May she rest in God's love for her.*

“ I would like to pass along my sincerest condolences to my very dear friend George and the rest of his family. In life Mrs. Hernandez was very caring and giving mom, on many occasions she would open her house to all the friends of her kids for our little get togethers. I am very happy that she was part of my high schools years. May the lord keep her in heaven so that she can still watch over her family and friends. Rest in peace.
