“ I had the honor to have him as my grandpa and call him papa which he was my keeper of secrets storyteller tickle monster and amazing babysitter.

He was such a simple easy going man that was always there for me and my family

To name a few ways he was there for me was when

He would cheer me On at all my CYO games
teaching me to pitch even though it scared me

helped me pull my first tooth

and showed me how a man should love a woman. He would do everything for my grandma and take her where ever she wanted to go like bingo. He even left this world on her birthday to spend it with her

As much as I wanted him to see his 90th birthday here with us or even see his first great grandchild that he was so happy and had the biggest smile when I showed him the sonogram before anyone else in the family

I do know he is at peace and no longer in pain or confused for he is with the lord drinking a piwo / beer

Papa I love you and appreciate everything you ever done for me and I will miss you beyond words can describe
