“ *Thinking of you today and every day because God has placed in our hearts by now a petal that belonged to you from His garden. How beautiful it must be up there with everyone already in Heaven embraced with your love again; I pray for an empty place in that garden and pray I'll be at rest and at peace some day there with you. May God bless this turbulent world and save it from those in power void of empathy in their hearts for those less fortunate. May we all be protected by Him from the actions of all wrongdoers and May His will replace their hardened hearts with light and goodness instead. I think of this all when I pray and think of you by His side watching over everyone still here growing and learning on His earth. May Good ultimately prevail. Amen!*

“ *Hon: Only you could know how hurtful and deep the pain in my heart is for you; but the pain pales compared to the pain you endured the last 5 years. I thank God that he took your pain away, but mine is just beginning. I know that at some time, it will begin to diminish only because it will be replaced with the endless memories of happiness, laughter and love that we have shared together. As long as my heart beats, you will always be with me and my love for you will never die. In your last moment, I kissed your lips and asked you to hold that kiss for me until I come to get it from you. I don't know how long that will be, but when we meet again , we will share that same kiss again to begin our forever life together. My love, my life, my happiness..*

“ Our hearts are truly saddened. Anna was a perfect example of a Godly woman. Her kind and gentle spirit always shined in everything she did and said. She had a strength of character as well as a giving heart. She was larger than life and embraced it to the fullest. And even in those hard times she always managed a beautiful smile. She left a wonderful legacy about the importance of family as well as her footprint on all our hearts with beautiful memories of her that will be a blessing to everyone. We know our sister, Anna, will never be more than a thought away. We love you sis!

“ On Sunday April 15th, just three weeks before you left this earth, you told me how much you loved and missed me. Those words and the embrace you gave meant so much to me Aunt Anna. Now that you're in Heaven, all I can do is feel contented knowing that an angel up high is also a loving aunt that may hear me when I pray to God for all my blessings. I ultimately pray that Uncle Marce, cousins Michael, Mona and Millie find strength and contentment together in the love they share for you; I pray sorrow forsakes them and instead may your values and teachings always guide them. Like grandpa and your baby sister Adela before, Heaven above has acquired another kind and sweet soul in you. I love you and thank you for being a nurturer to the family and always kind to those lucky enough to have known you. I pray His plan is that we all may meet again someday. May God bless America, the world and all of His children in your name. Amen!  
Your nephew, Albert

“ *My dear beautiful mother left us too early but while she was with us she gave us much love. She also taught us how to love others and to find the best in people. She leaves a legacy of a life given to helping others. I will strive to live my life as my mother lived hers and carry her in my heart and soul forever. Rest in Peace Mom. You are forever loved!*

“ Anna was my big sister who took care of us after school while my mom worked. She taught me how to be a good person and treat people with respect. She always said even if they are mean to give them a smile because sometimes people they don't know that they're doing wrong. I always followed this rule which helped me get through life. I will be forever grateful for your love, your big heart, your beautiful smile. Every tme I see a star I will think of that twinkle in your eye. Every time I see the moon I will think of the halo that you now wear. Every time I see the sun I will feel the warmness of your heart. Every time I feel the wind I will think of your angel wings. Farewell my sister until we meet again. Keep the light burning so when it's my turn to go I will find my way to heaven. Love from your brother, Andrew Ramirez

*Anna was as close to me as a sister, she was my best friend. I loved her so dearly and will miss her so much. But knowing her and how much she loved everyone she would say something like this to all of us:*

*"When tomorrow starts without me  
Don't think we are far apart  
For every time you think of me  
I am right here inside your heart"*

*So, Marce, Michael, Mona, Millie and all her loved ones, know that know that your love and memories will always keep her in our hearts. She is still with us all and watching over us. I know she is no longer in pain and sending love to everyone. Then last time I saw her she told me, " I know we will see each other again" And I believe her. We all will. May God bless all of you during this very hard time of sorrow. And with every memory may it bring a smile back to your faces. I will always remember for her love smiles and laughter. I love you Annie and I will never forget you. My Love and thoughts and always with you, Jessica*
