“ I'm so sorry that your gone. Although we were not blood related you were my uncle Tony. You will be misses. Some of the fond memories I have of you was gathering all the kids on a Saturday while working around the yard and quizzing us all on life lessons. I was always so scared that you would pick on me to answer a question because I was afraid of giving the wrong answer and disappointing you. I was always amazed of the stories of your over seas travels and all the cool gifts you brought back. All the odds jobs and skillful woodworking talents you possessed just amazed me. You were the one of coolest uncles . I love ❤️ you and will miss you.

“ *From all my Uncles I saw you the most growing up. I'd be with Gramo Castillo and you come visit. You'd always have a card trick or an antidote for me. You'd laugh at my amazement because you could do the same trick and I'd always try to figure it out. You had the best laugh and smile. So many memories I have of Olmos Park at Easter and the hikes you'd take us on while the parents hid the eggs. It was always scary for me because somehow you'd make us feel like we were in another world. Love you Uncle Tony, give Mark a hug for me ❤️*
