“ Tony and I have known each other for over 65 years when our families visited each other at our home in Jersey City, NJ or their home in Long Island, NY. We first bonded as kids when we were about 10 +/- . In Jersey City NJ we walked a long distance (back when you could walk alone as kids in the inner city) to Two Guys department store. Our mutual interest in Models lead us to the model box sets aisle to buy a model. We mutually wanted to get the John F. Kennedy PT-108 model PT motorized PT boat. It was a dollar something (shows how long ago that was). Between us, we were 20 cents short. So we had the brilliant idea to scrape away at the middle number to look like a number we had in funds. We proudly and confidently walked to the check out counter where we instantly got caught trying to steal. We got into so much trouble at the store and home! We recently still laughed about how stupid we 'both' were (pardon the pun).

Childhood buddies and thru life as friends. We had many shared interests, and respected each others likes and opinions even when they did not align.

I will miss the hours we spent talking long distance about our families, interests, religion, politics and your laugh!

Tony very much believed in God and Heaven. May he rest in Peace with our Lord.
