“ Hello my name is Joseph Lopez and I just want to say how sorry I am for your loss, I met Ari about a year ago and she was struggling with a lot, I tried to help her in any way that I could even let her stay with me for awhile just so she could clean up herself. I still can't believe that she is gone 💔. My heart is broken, I still stay up late at night waiting for her to call me, but I know that she is not going to call, I really miss her so very much, sorry for not attending her service, it would have been so much for me to see her that way, I just want to remember her the way she was full of life. I kinda feel bad, because she reached out to me when I was at work and I told her that I couldn't go pick her up and I can't help but feel like I could have saved her, if I just would have dropped everything just to go and pick her up. I'm sorry Ari that I let you down when you needed me, please forgive me for not being there for you, I love you and miss you so very much, my life will never be the same without you in it. I'm not going to tell you good bye, because I know that you and I will meet again, so until then I'll see you later my beautiful friend, you got your wings now, love you always and forever, you are not forgotten 💫💖💖
