“ *My condolences to the entire Torres Family. I know how much you loved your dad. I remember going over to his house for his birthday party. We had so much fun we laugh so much about old memories. We even sang oldies song, English and Spanish. He even got up to dance with the girls. He even drank a beverage with us. Our plan was to go only for a couple of hours. Well it didn't turn out that way we left around 2am. We would rarely get together but as you can see when we did time just flew. He will be miss have no one to pick on or him picking on me "abuelita te tenia chiflada" that's what we would say all the time. Still have a lot of beautiful, funny and loving memories. I'm happy your dad and mom are back together again! They both are dancing with a loving smile. Sending you big hugs and lots of love always,
Your 2nd cousin Mary Esther Torres Esquivel*
