“ Barbara was a dear friend and very special person. I always knew I could count on her to cheer me up when I was feeling sad or hurt. All I had to do was call her on the phone and, by the time we hung up, I was laughing and feeling so much better. Barbara and I were friends for over 12 years. Our friendship began with weekly lunches together and often shopping afterwards. We especially liked the Goodwill Stores and Ross Stores and spent many fun hours over the years wandering through them. Often, after we had lunch and did some shopping, we'd end up at Jim's Coffee Shop for chocolate pie. Barbara absolutely loved Jim's chocolate pie!

Trained as a concert pianist, Barbara played the piano so beautifully, and with such emotion, that it could make your heart soar! I never tired of listening to her play. Along with being my friend, she also became my piano teacher. She was a great teacher and helped me become a much better piano player.

We went on many outings to different places around town, like the San Antonio Symphony and Tuesday Musical Club. Barbara and I were always looking for fun things to do, and being with Barbara always made them so much more fun. Spending time with Barbara and sharing her laughter helped me get through some very difficult times.

Barbara's sense of humor, zest for life, optimism, her caring and wisdom, and her beautiful spirit made an indelible mark on me that I will always cherish. I will miss Barbara so much, and she will always be in my heart.

“ I have so many good memories of Barbara that it’s difficult to choose a single one. The one thing I do know is that Barbara never worked for me I worked for Barbara and it was a gift to do so, I remember asking Barbara why did you book me at 7 o’clock and not give me a lunch? With a straight face, She simply said well they hurt and need to see you and that’s the only times you had open. She did this so often that I finally said Barbara ask them how long have they’ve been in pain I’m sure it didn’t start just today they could wait another day. Barbara just looked at me with a smile and I continued to have 7 o’clock and lunchtime clients.

Barbara was so good at just being able to listen to people that she herself was a great deal of the healing that happened in the clinic,

I could tell a bunch more stories, but the truth is that it all comes down to. She was just a beautiful example of love, joy and always choosing to see the good in you. Barbara took care of me, my clients and filled my life with her beautiful spirit.

Thank you Barbara for the gift of who you were in my life and I know that I’ll see you again.
