“ *Last summer, Betty spent five weeks with us here in Texas. All of the kids and grandkids that live in Texas were able to get together with her to visit and just enjoy. She was such a sweet, soft-spoken lady who never missed a birthday or occasion to just show how much she loved us all.*

When she returned to her home in Kentucky, we began hearing more and more about her moving here permanently. This summer, she was ready to plan the move. She was quite the planner, so organized.

Well, she made it back to Texas. I'm so thankful we had this time with her and that she had eighty healthy years. At the same time, I'm sad that we do not have more time, as we had planned, to live side by side and garden and enjoy life. She was a very special lady. We will hold her in our hearts forever.
