“ As I finished another year teaching at South San High School, the 27th year for summer in SA I constantly thought about Betty and Bill all week. We as a family all have an incredible connection to the Heritage Neighborhood thanks to the Purdy's. Obvious reasons like finding and advocating for me to buy a house in the area, but this became a home full of a lifetime of memories. Erin our daughter who still visits every other weekend, Joseph our son is 21 going to college, all of his friends from Ed Cody elementary are regulars at anytime of the day in our home including their supporting cast. The Purdy's and of course Phil and Susan's support do not go unrecognized in our house hold. We are all grateful for all the love the Purdy's extended to our home and know they are back together again. I love the stories shared about Betty and her love of music and I share her love for the Spurs. Our thoughts are with your family during this time. ❤️

“ My deepest condolences to Betty's family. I have so many memories of Betty when she was my neighbor in Seguin Texas. I liked her the minute we met which grew into more as the years went by. So much fun to be around with her happy self. Always laughing! When I moved to Tn we remained friends and stayed in touch. I grew to love her like my own family and will miss talking to her. I pray we'll meet again one day. Keep smiling & dancing my dear friend.

“ I have so many incredible memories of Betty around so many shared experiences but here are just 3 around a single interest many may not know she had....music.

Standing with her at The Rolling Stones concert watching her dance as Mick Jagger was singing just feet away. Even better....standing together on stage leaning on his piano as Elton John was singing “Goodbye Norma Jean”. And best of all....Tim McGraw at his Las Vegas residency while getting ready to hand her his guitar and asking her “Betty would you hold my microphone?” Betty responded. “Tim, I’d hold anything of yours!” The crowd of thousands all broke out in laughter! After the show at least a hundred people came up to me and told me how incredible Betty was....how right they were and are.

Betty I will miss you, I will always remember you and most of all...I love you! Your son in law....Phil

My deepest condolences to my compadres Yolanda and Richard Mancilla. Also, my condolences to my daughter in law Dina and my son Joseph. I'll always remember how Betty showed so much love towards Joey. She sure was a sweetheart. I know my son and Dina will miss her dearly. I regret not being able to spend more time with Betty. May she rest in peace. Prayers for the family. Mark and Melissa my heartfelt condolences to you as well. Hugs and love.
