Thank you for your prayers. Bill was a good brother. It's nice to have his friends from high school share. It means a lot for you to take the time.

“ I just found out about Bill's passing today (9/1/25). We went to high school together in Canandaigua ,NY and also we were part of a little group of crazy friends who lived together in So Cal in the late 70's. Some of the best times of my life:) Bill was a good friend to many..and although he was a quiet man, when he spoke people listened. I was lucky enough to get to visit with Bill and Margaret in early 2000's. Many good memories :) Sending peace to him and to his family💜 Missy (Himes) Larkin

How nice to hear about one of my brother Bill's friends from Canandaigua. I was a senior at Canandaigua Academy when Bill was a freshman. I remember he had some good adventures in California. Thanks for sharing. Bonnie

“ Bill was a wonderful friend. We started as coworkers in Germany and became good friends. I never forget when he told me that he was moving to a small village South of Hamburg and it turned out to be only ten minutes from where I lived. We spent a lot of good times together. We tried his beer-brewing skills. We watched bad bootleg copies of Star Wars I and II when the movies were released, we tested smoke beer from Bavaria. He was welcome to stay at my place when he needed it most. We flew to Rochester together to watch the Bills lose a Super Bowl. We went to the American Consulate together to watch the Bills lose another two Super Bowls. I spent so many good days at his place in Hedendorf, enjoying his company and talking about whatever was there to talk about. Bill always listened. He was more than a friend to me. I will miss him dearly.

Bill always spoke of you most fondly. It's still hard to believe he's gone, but of course our belief is that we will see each other again. Thanks Kalle

“ Bill was our rock during the illness and passing of his brother, John, our husband and father. His compassion and strength throughout this time was exemplary and kept us all afloat. He stepped up to all tasks, teaching Abby to drive, taking the senior portraits for Julie, acting as nurse and communications person. Thank you Bill . With love, Lynn, Julie and Abby
