“ I worked with Bobbie, in the Finance department at Incarnate Word, from 2012 to when she retired. She was a good and lovely mentor. Every day was a joy working together. She had a great sense of humor, professional, respectful to everyone, disciplined, and smart. We have so much fun at work, and no day was ever a boring day in working with her.

“ When Bobbie was working for the Sisters of Charity of the Incarnate Word, after her retirement from Santa Rosa Hospital, besides her actual responsibilities in the finance office, she took great joy in providing fun activities for the retired Sisters as often as possible. She and her co-worker and good friend, Terry Rodriguez would make arrangements for the Sisters to enjoy a picnic and afternoon of relaxation at Canyon Lake. They would prepare all the food in advance and have a variety of games/activities ready to offer for everyone's enjoyment. She was a good worker and a joy to be around. Now she and Terry are back together along with their family members and their Sister-friends, praising God and spreading their love.

“ *My name is Josie Garcia. I worked at Santa Rosa in the 60's, 70's. and early 80's. I was privileged to work for Bobbie Fox in the Insurance Department. She and others made our work much easier by going over all the rules and regulations of Medicare and Medicaid which was just becoming the law in Insurance processing for our patients that qualified. She was a very caring individual with all the ladies working for her, listening to all our problems, giving us valuable information and looking out for us. I will always remember her fondly and wish I had kept up with her.*

My condolences to her family.
