“ *I have had the pleasure of knowing Brian Mutz most of my life. We met in 1st grade and grew up only blocks away from each other during our childhood. The memory I will always remember of Brian as a young guy, was him riding his bicycle in the neighborhood and using his shoe as brake pedal! He was such a manly man, even at a young age. We even lived together for a couple of years in our 20's. He taught me how to fish, and all about diesel engines. He took me mudding my very first time, and kicked my butt on video games nightly. His love for animals always melted my heart. We even got a dog together named Andy. Brian was such a gentle, and funny guy. The times I spent with Brian were some of the most unforgettable, and exciting times in my life. He was, and will always be, a very special part of my life, and I will cherish our memories forever. Brian, I love you and always will. Take care of Robbie and Darian in heaven for us.*

“ Gil, Val, Lee. We love you and are praying to comfort you at the sad time My favorite memory will be his smile and laugh and then his short one line comeback about the funny happening. In his soul he understands that laughter was and is the best medicine. I could not find the picture of Him with Great Granny Rich holding and hugging him when he was a toddler - this is my favorite picture of him. Brian is with her, Mom, Dad and all that have passed on through the years. Blessings to all of his family and friends  
Love you  
Aunt Cindy
