“ *CB was my first mentor in data processing at The Psychological Corp when we were at the S Zarzamora location.*

CB was so kind to me and always took me under his wing to teach. I loved hearing his data processing war stories!

Because of CB, I now take every opportunity to pay forward his kindness to me by helping other junior computer programmers. I extend my sincere condolences to his family.

Best manager I, and many others, ever had. So glad you made retirement so early, ol' friend. Thanks for stopping by my mind today and giving me a nudge. So glad to feel you at peace. Let me know if you need anything on this side.

Much love to Letty and condolences to all your many loved ones.
