“ My condolences to the family and friends. Flaco you were my best friend's (Tingo) brother and I love you too. You were a joy to be around, you were funny and always so positive and optimistic. When you saw me walking you would stop and give me a ride wherever. You always had time to share with me and the rest of the world could fly by. I would pass by your home after school with my grandkids wishing you were outside so I could stop, honk or wave at you and I would be sad because I missed you. Now you are in my heart forever. Love you, man.
