“ My beautiful brother how I'm going to miss you I don't know how I'm going to live without you in my life.. especially on the holidays we loved to spend it together we would always start planning and see what we were going to cook .. me and you would love to dress up for holidays I would take you shopping so you can pick a special outfit to wear, we have so many memories together 1 million maybe more. As kids we were always together, and as adults we laughed about everything we had our way with words.. it didn't have to be a holiday we always loved to celebrate we'd make up an occasion just to be together and celebrate, hear music and dance , and I would cook whatever you wanted me to cook I would do. When I was nine years old And you were 11 we would get on the bus and go to the movies together many times those were the best days spending it with you. We weren't scared to go on the bus by ourselves because we had each other. We'd get on the bus when we were little and go to the carnival together just me and you We did everything together.. me and you had a special bond that will live on for eternity.. you loved Halloween and scary movies,. So God decided to take you home to mommy so you can watch scary movies with her . So Knock on her door and say trick-or-treat mommy I'm home.. you will always be in my heart I know you loved me as much as I loved you, I'll remember you forever until we meet again brother. i'll talk to you every day just the way I did every day.. I talk to mommy every day so now you will be sitting together and I can talk to you both.. you're with mommy now and I know you're very happy.. even though I know you loved our entire family with all your heart.. you are our king and you loved being with your family..thank you for always being there for all of us.thank you for loving me the way you did. I'll remember all the words you would say to me all the funny things we said together and we laugh and laugh I will keep all those memories in my heart and I'll continue saying all those funny words you said to us.. I don't know how to let you go, just know that you will always be remembered just like mommy.. my last words to you were “good night, I love you” .. you took care of me since I was a little girl till I was a grown adult.. keep looking out for me brother and our family... I love you until we meet again..thank you for all the

*memories..and tell mommy and daddy/grandpa I miss them so much and I know they're with me..I love you brother forever...."good night I love you"* 🦋💋🍁
