

Carolyn Vinson Rapier

January 28, 1921 - May 10, 2014

Carolyn Vinson Rapier joined The Lord May 10, 2014, at the age of 93. She joins her beloved husband George who passed this past December. She leaves 2 sons, George and Clif and 5 grandchildren, and one great grandchild on the way. Carolyn was born in Flomaton, Alabama on January 28, 1921. She grew up in Pensacola, FL and met her future husband George who was a dashing young Navy Aviator. They were married and settled in Pensacola, after George attended Dental school in Dallas, Texas. She worked to help put George through Dental School, and never had a chance to finish college as her oldest son was born in Dallas while her husband was still in school. After she raised her two children she returned to school and proudly graduated from the University of West Florida at the age of 54. She remained active and loved to play golf and bridge until her later years. The family requests donations to the Alzheimer's Foundation in lieu of Flowers. A private ceremony will be held on Wednesday, May 14, 2014. You may sign the on-line guest book at www.missionparks.com under the obituary section.
