

Cassandra "Cass" Veracruz

December 15, 1981 - April 11, 2014

On Friday April 11, 2014 heaven received an angel. Cass was born on December 15, 1981 in San Antonio, Texas. She was survived by her father Dan, mother Betty, big brother Daniel, sister Michelle, other father Charlie, best friend Javier and partner Monica. She loved her dogs Baby, Rizzo, Lady, Maggie, Bella and Rocky. They really miss her so much. Cass also loved her family & the many, many friends that will miss her dearly. I know their pain all too well. She will never be forgotten and forever be in their hearts. She always had their backs and had so much fun with them. Cass idolized Michael Jackson and knew every word & dance move from his videos. She took so much pride in her clothes, shoes and car. You could always hear her coming down the street by the booming bass and be wowed by the many lights on her car. Cassie's passing has left an emptiness in our lives that will never be filled. Her family and friends will miss her so very much and there will be many times when we feel we cannot go on without her. Rest in peace my baby sister Cass. All your pains and worries are no more and God has his loving light all around you. We all know that one day we will be reunited with heaven's newest and coolest angel. I love and miss u so much baby sister. Your big brother, Daniel.

Service
