“ My condolences and blessings to the children and family of my friend Celia Castaneda. She and I were in high school together and we were a close friends. We shared many good times at school and at her house. I was blessed to have known Celia and glad that we shared our youth together. She was a hoot and made me laugh allot.

To her children, you had a very good mom that spent her life giving you her love and wonderful moments. Remember her with love and know that she is watching over you and taking care of you.

I apologize that I did not attend the services. I was out of town and had a scheduled dental surgery in South Texas. Much love and light and remember the lovely person that she was.
