“ *my friend and travel companion of so many memories let go to the angels of which she was one. We on earth will miss forever her beautiful essence and spiritual aura her love of exploration into the higher being and academia of life. As travelers we shared and explored together five star golf course hotels on the California coast to the Bates like hotels in Canada and the wonderful rose gardens of Victoria. The love and laughter of our friendship of 45 years will remain forever in my heart.*

“ *Charlotte was a beautiful person inside and out. I worked for her at Frost National Bank in 1972, when our office was in the mezzanine of the old building. Charlotte trained me in credit investigation as well as many others in other areas of the BankAmericard Credit Department. She was second in charge and Mr. Jerry Sluga was the head of the department. The bankcard credit department was just beginning. We even had file cabinets and paper copies of the card holder accounts. I ended up working at Frost Bank ten years. I think of her often and I will never forget her kindness. I pray you don't mind me telling my story. I also pray that God will comfort her family at this time of great sadness.*

“ *Lovey was my dear friend for over eighteen years. My life has been so much happier and richer with her in it. She was the mother I didn't have. She is one of the few people that taught me how to be a good human being. I learned words like sympathy , support, patience, love, friendship, understanding, and loyalty from "Lovey." I am very thankful that she was a part of my life. The world will definately be a lot poorer and emptier place without her in it. My sincerest condolences- Jennifer Wagner and in remembrance of James "Rocky" McClanahan.*
