“ *Dean and family,*

Although we have never met, I feel like I know you and your siblings due to all of the conversations I had with your Mom. You may not remember but you were the first in your part of the family who received a letter from me when I started to look into my McKenna family roots of which you are a part. I want to offer my prayers and condolences to you with the hope that support of family, friends and extended family will provide strength and comfort. May Cindy rest in peace.
