“ We are way late in extending our sympathy to the Long family. I worked for Col Long at Lindsey Air Station in Wiesbaden, Hq USAFE, DCS/Materiel from 1968-70. Harry and Gen Berman allowed our first-born was to be named Clarence Arnold in their honor. It was a great bit of fun for all.

Col Long was a great boss who schooled me in the art of effective administration and I used what he taught me for later Exec positions in my Air Force career.

Honey Long was also a special person who looked after Ginny and me as though we were her grown "kids". To the Long "kids" we simply want to you know we still remember...
