“ I am Colton's father. It has been three years today. I didn't like not seeing anything posted, so I'd like to say a little something about Colton.

He was a very good and kind-hearted person. He loved his family and was happiest around his cousins. He would celebrate Christmas with his Mom in San Antonio and then come to Dallas and Shawnee to celebrate with me. He would take the money he got from the first Christmas and spend every dime of it at the second Christmas on others. That's just how he rolled.

He loved animals, especially dogs. He was allergic to cats. He loved video games. He was a hard worker. He loved to work out and was in great shape. His asthma prevented him from doing a lot of things but he got by just fine.

Unfortunately he got into drugs and they ended up consuming him. Please, don't do drugs. They can sneak up on you and take your joy.

He was very smart. He was loyal to his friends. Most of his life was very good. He will be missed by many.

Colton was so fun to be around. He liked playing games and pranks with his cousins. He had beautiful brown eyes.
