“ *Aunt Danna, you will be missed. Thank you for always treating me with love and kindness and as part of your family. I first met you at a Cracker Barrel with your Butch, son Kevin and his family. Your great nephew Justin and I were just starting out in our relationship and I felt so honored to meet some his important people. Since then, you have always asked about me when talking with Justin, you have always given your kindness during our times of celebration and your consolation in times of challenge. Thank you for sharing all your love with this world. We are better because of you :)*

“ I was just a "youngster" when Danna, my mom and dad used to get together, but the main thing I remember was that she was always so warm and friendly. Always full of laughter and good cheer. She took me to see a movie at the old Majestic theater in downtown Dallas one day. I believe it was in the early 1960's, so I would have been around 9 or 10 years old? I don't remember for sure what movie was (maybe 101 Dalmations?), but I'll never forget the big box of cherry candy she bought me. I thought I was pretty special! She was a bright light for the Jennings family.

“ *I've never had a conversation with Danna where I didn't call her Mom at one point or another. She was just that to many of us ... .. Mom. Obviously, that title is a very special one, and to some, shouldn't be used lightly. But it came so naturally to Danna, to call her Mom, because she treated me as a member of her own family. I'm sure she was like that to many! She made me feel loved and was proud of all of my accomplishments in life. She ALWAYS showed concern and curiosity about my own family and would always extend a helping hand if needed. She was Mom.*

*Kev, THANK YOU for sharing your Mom with us! I've held the belief close to my heart that her leaving is not a permanent departure. I have TOTAL FAITH that hers will be one of the first faces I see IF I get to heaven. (The "IF" is because I have a lot to answer for)*

“ *Danna was always so sweet to me. When I got married she sent me a letter in the mail and in it she put my engagement picture and things that were happening in the world at that time. She told me her mother had done the same for her when she married. The kindest person you could ever have met. She was so sincere and genuine I will truly miss her.*

*Although I only met her once, it's easy to endorse the kind remarks that have been made about her. My friendship with Kevin goes back many years. Danna raising a good son like Kevin, with high moral standards & qualities, speaks well of his mom.*
