“ My condolences to the whole family. I will miss my phone visits with Uncle Grant (Dave). We always referred to him as Grant. When I recently made contact with him I sometimes called him uncle Dave 😊. I'm glad I had those visits with him. Our times together, over the years, were 'few and far between' but Grandma tried to keep us somewhat connected with stories and pictures, because she was in touch with everyone. I think she traveled with his family...(?? Germany?). So, our visits were good. I didn't know that last time I talked to him would be my last time. Treasure your loved ones and your time together. I hope we.... cousins... can keep in touch. Cherish the good times and memories. Love to you all, Robin

“ Will always remember you taking David, Nicole and I to Miller's pond for fishing. Even though I never caught anything and my tackle and lures would end up flying off of my line and end up at the bottom of the pond we always had fun. You taught me how to play chess and would always let me win. Miss you and I know you are in a better place and with Grandma again finally.

“ May you be at your final peace with the woman you loved so much. You showed through example of what a gentleman is. You always showed respect and love towards grandma and was always taking care of her. Though it is hard to loose a loved one I find peace knowing you are back with the woman you loved so much.
