“ I knew him from birth. My parents and his were friends. I watched him grow up and saw him when he lived in Mexico. I'm so sorry. Rest in peace.

“ Our memories with David are always happy ones during the years he visited our family, Celia and Raul Gonzalez and children. To know David is to love him unconditionally. He was kind generous and always knew as a boy what his profession would be, a mechanic. His love for cars started very early in life, around 4 years of age. I met him in the spring of 87 shortly before turning 19. I still can't think of him in the past tense. He truly loved our family and we considered him just that, a brother and loving friend! David and his best friend Eleazar were always together . You didn't see one without the other and our extended family would invite them to all of our events. So many wonderful memories I will hold dear to my heart! I was truly blessed and will always cherish the love and friendship we shared. A special bond that will never be broken! I love you David! Thank you for all the love you left in this world! To your children David Jr. and Bridget , you were his love and passion ! He did all he could to make sure you were happy! To his Sister Nachita, thank you for coming back to our lives! David will always be in my heart! I love you Corazón de Melon! Muchas gracias por tu amor y bella amistad te mando muchos besos y abrazos hasta el cielo! Descansa en paz!!!
