“ To the family of David, I am from Minnesota and our family has Fabres. My brother was diagnosed in the late fifties and we lost him 25 yrs ago. Over the yrs we have lost many family members mostly males. Prayers go out to the family, I pray that one day they find a cure for this terrible disease, it is never easy losing a loved one.

“ I send condolences to David's family and friends. As he lived in San Antonio and I am in Corpus, I thought I might have met him at an event for Fabry's patients, but I don't think so. Having lost my only brother when he was 48 to Fabry's, I share your pain and loss. It appears that David had no daughters and would not have passed Fabry's to his sons, so that is something for which to be grateful. I pray you will treasure your memories of him. May God bless and comfort all of you in this time of loss.
