“ Mr. David, while I was only able to work for you, for a short while it was such a pleasure. You were so patience, soft-spoken, and compassionate. Always very kind and very knowledgeable. Thanks for all of the words of encouragement and bluntness at times. You are truly missed Mr. David! My Condolences to His Family.

“ I meet David through my sister Jessica, who went to school together. He was always so full of life and so outgoing. Went with him and my sister to California several times and we had a blast! He loved Halloween and was so creative in making and designing things such a natural talent. David will be missed, but some day we will all be together again and oh what fun and joy we will have. “ David was a kind person with a wicked sense of humor. Growing up we always had a good time. My first trip to Disneyland was with him and his wonderful family. The only comfort in his passing is that he is no longer suffering or in pain. David has passed to a better place and one day I will see you again my dear friend,

“ In my short time of interacting with David he proved to be a gem in human form. I was new to his team and I remembered David was one of the 1st leaders to reach out to me to introduce himself and extend his assistance if I needed any help. Always jolly and with a smile. He will be tremendously missed by his work family "The Q"

*Don't think of him as gone away
his journey's just begun,
life holds so many facets
this earth is only one.*

*Just think of him as resting
from the sorrows and the tears
in a place of warmth and comfort
where there are no days and years.*

*Think how he must be wishing
that we could know today
how nothing but our sadness
can really pass away.*

*And think of him as living
in the hearts of those he touched.
for nothing loved is ever lost
and he was loved so much.*

*Thank you for all the good memories we shared.
Thank you for always being there for me.
Thank you for your kindness and love.
Thank you for all the fun and laughter we shared.*

I Love You and Miss You. I will always carry you in my heart 💕

David, you will be missed dearly. All the memories of your joyful "fun spirit" ways and all the laughs we had along the way will be cherished forever. There was always something fun and exciting going on in when you were around. May you rest in peace and know how much you are loved and missed. My sincere condolences to David's family and his friends.

My condolences to his family. May the Lord comfort you all through this difficult time. David, my worst, funny, kind and generous friend. I am missing your daily snarky phone calls just to poke fun at me and to make me laugh. Those were the best 15 minutes of my shift every day. Thank you for your kindness and encouragement throughout our friendship. You will be dearly missed my friend. May you rest in peace.

David was one of the supervisors I reported to when i was a Team Lead at QVC We worked closely together for months. He was a wonderul person and I thoroughly enjoyed working with him. Sometimes, well almost every day, he would ask me to go and get him a drink from our vending machine. He would give me his debit card and he would ask me to ask the other supervisors in our area and team leads if they wanted anything and he was treating. This happened almost every day for months. It may have been a small gesture but it was huge and just showed how giving he was. When I was promoted as a supervisor, he was one of the first ones to congratulate me and told me how proud he was. That meant the world to me. He made me laugh so much and I am so thankful that I got to know him. He is missed tremendously.

David was certainly one of a kind and will be missed. He was definitely funny in ways that at times would make you stop to say, "David behave." (But in a good way) He will be missed and surely not forgotten! May he rest in peace.

*David was part of my supervisor team when I started at qvc 14 years ago. As everyone is saying, he was the most helpful, supportive guy! I appreciated him so much and loved our team meetings so we could experience his fun personality! I only feel close to a handful of people at Qvc and he was one of them. Since we moved out of the building and went virtual, I hadent seen him
For awhile. I was sorry to hear about his passing. I offer my prayers and thought to his family and friends to find
Peace at this difficult time.*
