“ I'll not get through a day that I won't remember you Denis, my closest and beloved brother. I miss you very much. I remember the many times that we Spent together over the course of our lives playing all sorts of games. Board games like candy land, stratego and card games like old maid, even poker and dice games such as yatzee and farkle. Then the marvelous arcade games that kept us challenged from pinball Like (gorgar) the first talking pinball machine or blue chip. The first arcade in town to feature the video game Pong at Razzle Dazzle where you were the manage during that time. How could I ever forget yours and my favorite video game Missle Comand. Denis, I love you always! Andy

“ Dear uncle DT; Im sure going to miss you; your wit, insights, laugh, and friendship. I will always remember how you always took good care of my mom, the kids and me, and your family! Also how we used to “jam out” to an entire Rush cassette tape in the car! Or you me Andy and Tudy going to the Rush concert or hanging out at Click’s or Barney’s! And of course, you helping me get through literally 5 years of math just so I could understand it for a bit and pass that particular class lol! You are a real genuine kind compassionate and caring person. Love you buddy! Beau Tidrick, nephew
