“ *To Diana's Family*

*I am so sorry for you loss. I have known Diana for 20 years and really just lost touch with her these last few years that she was battling cancer. I was very sad to read on FB that she was fighting cancer during this time we lost touch.*

*Diana had an energy and spirit that was remarkable! When we move to San Antonio from Austin 16 years ago, Diana was one of the first people to introduce me to all the wonderful things that that make SA wonderful. She was the first person to take me to NIOSA, and we went for years together on Wednesday night. I loved hearing about Travis! Diana cherished her time with him! As a mother of a boy I know getting them to share with you is difficult. She shared that at the end of the day when they settled down in bed was the best time to connect with them She LOVED her Travis and loved the time she could carve out with him!*

*I'm so sorry she is gone. I hope everyone can remember all the wonderful times they had with her. God Bless you.*
