

Diana E. Perez-Balboa

March 24, 1966 - October 6, 2007

Diana E. Perez-Balboa born March 24, 1966 and after a 32 year battle with diabetes chose to leave us on October 6, 2007. She joins her father Paul Perez, who left us in June 2007, aunt Mary Temblador and uncle Don Perez in death. She was a 1984 graduate of South San Antonio High School and helped manage Del Rio Tortilla Factory. She loved to work and her greatest sadness came when she could not work anymore. She is survived by her mother Esther, sisters; Lisa Gary, Laura, niece Kelly, nephew Ryan, aunts; Blanca, Teresa, Matilda, uncles; Joe, Jess, Gus, Sergio, her dogs; Curiosity and Blackie, numerous aunts, uncles, cousins and friends throughout Texas, California and Mexico and husband Martin. Diana's family would like to thank the family who donated a kidney back in May 1999, which she took care of very well and gave her an extra precious 8 years with us. We will always be grateful for your generosity and in return, Diana also has given the gift of life. The family would also like to thank Dr. Diamond and her staff for the excellent care throughout the years and all the Dr.'s who cared for Diana. She became close to her doctors and staff and loved being the comic relief when she visited them. Diana was at peace on her last day.

Tribute Wall

MI

“ *Diane, not a day goes by where your not in my mind. I miss you alot and cherish the last days i got to spend with you and last words i got to hear you say. They mean alot to me. I love you so much. One day we'll see each other again, but until then watch*
