“ **Janie Vasquez**
Domingo Vasquez was my father in law. My favorite memory with him was when he would tell me stories about his past and that would always brighten my day. He was a father to me and he would always give me good advice with knowledge and wisdom. He was a very humble and grateful person. He was very kind. My heart was torn into two, one side filled with heartache and the other went with you. When someone you love becomes a memory that memory becomes a treasure in your heart. You memory will always live on forever.

“ One of my most favorite memories from my father Is watching him from my kitchen window outside his home being that he lived next-door to me drinking his coffee while listening to his music. I loved that I was able to go out there and sit and talk with him whenever I wanted to. You taught me everything I know you showed my kids and I so much love and I'm gonna treasure you in my heart for the rest of my life. You are my hero and the best dad I ever had. I thank God everyday that I had you as my father. You are my guardian angel now. I love you daddy and I'm gonna miss you forever and always and I can't wait till I see you again daddy. I'll see you soon.
