You will be truly missed Donnie by so many people. I am still in disbelief you are gone. We just talked a week or so ago about getting you out of the house and taking you to Midnight Rodeo. Dammit Donnie! Just way too soon!!! 😞

*I taught with Donny for several years. During the last three years we team taught together in the same classroom. Donny took great pride in being able to teach every student. He was funny and we laughed a lot which made the days go by smoothly, but he was still a demanding teacher. The students he taught were all better off for having taken Math with Donny. I will miss him and so will his fellow teachers.*

*My sincerest condolences. I was lucky enough to work with "Uncle Don" (as we used to call him) when I was fresh out of college. He was a joy to work with, a riot in fact. Many of laughs had in my short time working with him.*
