When you have walked thru life - babies and weddings, family gathering and funeral - those you care the most about are just always there - the memories and images seem like yesterday instead of history. If you are lucky enough and blessed, someone like Donna is part of those memories. Then, you will know how much better life was that she was just always there too. Thank you Donna and all of the Coen Family for enriching my life and my family's lives. May God' peace bring you comfort in today and the days ahead. Much love and hugs - Dollie Bodin Rigdon.

“ *Aunt Donna loved to spend time with our family at gatherings and holidays. When we were pregnant she was so excited and said my babies would be like pretty china dolls. She would always say Donovan was her favorite nephew... he was the only nephew! I know that we were special to her and she will be missed.*

I will always remember Donna as a kind, outgoing, and thoughtful person. I knew her to be a caring daughter, mother, grandmother and friend. I will always remember our family get togethers and the fun times we had. Donna loved her son and grandchildren dearly. She will be missed.

I will remember Donna as a kind, outgoing, and thoughtful friend. She was a caring daughter, mother, grandmother, and friend. I will always remember the fun get togethers our families had through the years. It was obvious that Donna loved her only son and grandchildren dearly. She will definitely be missed.

“ *Losing someone is always difficult. They say you are defined by how you are remembered. Donna was so full of life and spunk. She would always be laughing and the funnier the joke, the louder the laugh. Contagiously she could get the event more upbeat and the center of the party. I would simply say she honestly lived a long life to the fullest. What more could any of us wish for? She did have a mountain at the end of her journey, but now she is in a place to raise the spirits of all the heavens. Remember that during the next storm and ask yourself, was that thunder or did Donna just make all the Angels laugh? Roger Kiker*
