

Eathel A. Gittinger

February 2, 1917 - May 31, 2017

Died Wednesday morning after 100 years, the matriarch of four generations of her progeny and a friend and colleague of countless others. When she entered this life, most people still rode horses or walked and she left with civilians traveling in Outer Space. She endured the worst economic depression in our history, a world war, and a cold war. She saw Neil Armstrong walk on the moon, a robotic rover search Mars for life, Voyager leave our Solar System to explore the galaxy, and a space telescope that hopes to see the beginning of time. Her life spanned radio, TV and the Internet which she fearlessly purveyed with email throughout her 90's. When her nest was emptied, she began to paint in oil and watercolor with sales to art lovers locally, nationally and internationally. Her watercolors were so good she was inducted into the River Art Group where she met and sold paintings to tourists from around the world that visited the La Villita Gallery. She was a Patriot and loved her country, loved Texas and San Antonio. Ask

anyone who knew her and they will affirm she left this world a better place for having lived

here. She was born in Broken Bow, Oklahoma on the 2nd of February, 1917 and departed on

May 31, 2017 in San Antonio, TX. She is survived by three children, eight grandchildren and

four great-grandchildren. Funeral arrangements have been made though Mission Burial Park

South at 1700 S.E. Military Dr. Visitation and viewing will be at 5:00 PM Sunday June 4th, and a

Memorial Service will begin at 11:00 AM Monday June 5th, with burial to follow.
