“ Mother was always thoughtful and accepted everyone as themselves. I have so many lovely memories of her. One of my favorite stories is of when she was a young girl listening to music with her father on the radio. Mom just could not figure out how the musicians fit in the radio. So she assumed that somehow they had been shrunk to fit. She'd sneak up on the radio at different angles and pop up in hopes of seeing the shrunken musicians. It's such an endearing story which I cherish always. I adore you mother and will carry you in my heart. Besitos

“ *I remember Tia Betty always being kind to us and making us and our mother Aurora laugh with her stories of their childhood. God knows they did not have it easy but she knew how to make lemonade from lemons. Our condolences to your family. May her memory bring solace in this difficult time. With love, Edna*
