“ *Mom I'm going to miss you terribly. I can't fathom life without you in it. You were supposed to be around until you turned 100. You promised you would love longer than grandma. Dad is lonely with out you. What scares me is that he isn't showing any emotions. But you know him...he has to be strong for the rest of us. Mom...I love you. I'm heartbroken but I know you're free from pain. That's my only comfort.*

Marisela, as far as I can remember since you were a little girl, how glued you were with your Mom, you've been a very strong loving daughter I see you as a niece of mind. Love you and remember always we are family. Keep good care of your Dad, but I know Hunter will step up and do all he can of his part to be there for him. Stay in touch Mija.
