“ I met Henry in 1994 when I was 19 and started working at M&M Metals. My dad Hector C Perez use to work with Henry and he told me they called him "El Paton" (bigfoot).

After introducing myself to him I took a liking to him because he reminded me of my dad.

They both served in Vietnam, both had the same last name, and both grew up in the same neighborhood.

Henry took me under his wing and taught me everything about sheet metal.

He allowed me to take lead on several of his projects at the MARRIOT HOTEL.

Even though my sheet metal career ended in 2001 I remembered one thing Henry would always tell me

"Papa, either you get after it....or someone else will"

I used his words as encouragement, joined the police academy and have been a police officer for 16 years.

Now, as a father myself, I tell my son the same thing Henry told me about "getting after it"

His name is Guillermo Enrique Perez.....or (in English) William Henry Perez.

My dad past away in September 2021 and i'm pretty sure he was there to welcome Henry into heaven.

I'll see you again Henry.
