

Evangelina Jung-Ward

May 13, 1963 - February 27, 2021

Evangelina “Eva” Jung-Ward’s love of life didn’t come to an end with her death. Eva passed away on February 27, 2021 at the age of 57 after a courageous battle with cancer, surrounded by loved ones who will continue to honor her legacy by living their lives to the fullest.

Eva attended John F. Kennedy High School in San Antonio, TX where she graduated in 1981. She went on to complete her Bachelor’s degree at Our Lady of the Lake University in San Antonio, TX. Eva was a Senior Business Analyst at Accenture, a global professional service company where she excelled in her position and was a part of many teams that often-received accolades for a job well done. Eva loved cats, loved music, one of her all-time favorite artists in the 80’s was Michael Jackson. Her favorite colors were pink and white. Eva considered her health and well-being a top priority and was avid about physical fitness and healthy eating. She loved running and the outdoors. She participated in runs for support of many causes. Many of us believe Eva is now up in heaven running the ultimate race! Eva’s faith was so evident in how she lived her life. She attended prayer service and bible study diligently and is responsible for starting a virtual prayer group at her work. She often took the time to listen to family and friends when they were going through life struggles and always had uplifting words of encouragement. She was the type of woman that would lay down her life for anyone of her family or friends.

When schedules permitted, she enjoyed socializing with her friends. During the holidays and special occasions, she would often travel back to her hometown in San Antonio, TX to spend time with family. Her beautiful smile and pleasant personality were contagious to everyone she met. Eva joins her father, Oscar H. Jung, Jr, her grandparents, Camila & Jose Cruz in heaven. She is survived by her mother, Evangelina Cruz Jung, stepfather, Jesus Sanchez, her sisters and brothers, Sylvia Moreno, Irma Felczak, Joann Jackson, Norma Hause, Diana Ibanez, Yolanda Jung, Clemente "CJ" Jung, Laura Serna, and Oscar H Jung III, numerous nieces, nephews, godchildren, and friends. A Memorial service will be held at 12:00pm Saturday, March 20, 2021 at Mission Park Funeral Chapel North 3401 Cherry Ridge Drive, San Antonio, TX 78230. In order to maintain safety with social distancing, capacity at the service will be limited to family. Please join us by live stream at www.missionparks.com

“ We had the pleasure of working with Eva at Accenture. She was always so friendly, fun-loving and full of life. Eva exemplified the two greatest commandments--to love God and love people. We are grateful to the family for sharing Eva with us over the years and especially in her last month as she joined us for our lunch time prayer calls.

May the Lord comfort you as you grieve and provide the peace that passes all understanding.

“ Our dear Eva. She was such a great friend and coworker. We will always cherish all the great fun and memories we shared. I will especially miss her candidness and thoughtful advice for me - anything from designer fashion to work documents to life in general. Eva taught me how to really truly be your best genuine self. My heart is broken, but it warms my heart to know that she is still exuding that beautiful smile from above. Love you, Eva.

“ *My sincerest sympathies and prayers go out to Eva's family. Eva was a spirited, warm and kind person. She was the sparkplug in the office. Every time she had one of her crazy sneezes – everyone would laugh. I smiled and always felt better because I knew – Eva was in the house today!*

Now whenever Eva sneezes in Heaven – all the Angels and Saints will smile and say – Eva is in our house now!

God Bless you Eva. You will be dearly missed.

“ My heart and sincerest condolences go out to Eva's family. Eva and I worked together for several years at Accenture and she was truly a daily dose of inspiration. She shared a love for animals, I remember us chatting about our pets just like two moms chat about their human children. I would run into her at the gym every once in a while and would be in awe of how amazing shape she was in. I looked up to Eva and wished I could have her kind of energy. “ I remember Eva so vibrant! We had several brief talks in the break room, one to which we discussed how they use to call her Eva the Destroyer based on a female wrestler they would refer her too! I hope she knows how many lives she impacted. I definitely gained experience working on the same team with her. My condolences to Eva and her family. She will be missed!

“ *Eva would go out of her way to speak to me when we were both working late. She did this because she was a rare human being -- regardless of which group you worked in or what title you had. She always volunteered to take care of the extra niceties and never asked for help. She was such a good role model that it forced us to slow down for just a few minutes to pitch in.*

She was one of the people I was really hoping to see again after returning to the office. To honor her memory I will try to help others as she used to do. We were all richer in spirit to have had Eva in our lives.

“ *Eva's smile and fun attitude was contagious. When she would show up the room would light up instantly and you knew it was going to be a great time. She always kept in touch with my family and always showed how much she loved and cared for us all. You will never meet anyone like her. So radiant bright and positive. Not to mention hilarious all the time. She's so witty and strong minded. Love you forever Eva.*

“Eva was truly a light in the workplace and would bring a smile to your face whenever you saw her. She knew my name as an entry level associate in a sea of 300 others and always made an effort to stop and talk to me, check in on me, give me advice, and just love on me.

My most memorable moment was working late one evening, it was probably around 8 and it was pouring out. I didn't bring my umbrella and had parked farther away than usual so I just roamed the empty halls of the building until I bumped into Eva still working hard. When I checked in on her, she was stressed from all the work, but mainly for her team, making sure that her team was being taken care of above all else. Her love for people just shown through her actions. We got to pray for her team and her workload and ended up both in tears knowing God's faithfulness.

Although Eva will be dearly missed, her impact and light on us will continue living through us. I love you Eva, thank you for being a sister I could look up to and always encouraging me in my growth at work and in life!

Jenny Luo - March 09, 2021 at 10:35 AM

“ *It was a blessing and a privilege to have had Eva as a coworker. She brought color and life to our otherwise fleeting and monotonous office days. From her boisterous and teasing voice, to her wacky outfits and bossy yet upbeat and welcoming demeanor. I will greatly miss her daily greeting of "Hey how's it going Gracie girl?"*

She was someone who put others needs above hers. Even if you weren't family she treated you like one. Despite the pandemic, our project ending and working from home she would still leave messages just to say Hello and let me know she was thinking of me. That's how much she cared.

She was someone who lived her life and her pain well and used the time she had to make others feel special. Is it any wonder why we feel so heartbroken about losing her. But the pain we feel now is because we have known her goodness, her care, her love. And I believe that's how she would have wanted her life remembered. She is never lost when she has left her love scattered all over those who loved her. Let her remind us to take away the illusion that we have all the time in the world and let her legacy be the reason we live our lives even better and more urgently from here on out.

She was a fighter and it gives me comfort knowing she's no longer in pain and that her faith was very strong. In the end, she was more than ready to join her Maker in Heaven. Our loss is Heaven's gain.

It's going to hurt going back to work in the office once the pandemic is over.

Who's going to spread cheer especially at Christmas by festively decorating the entire project floor?

Who's going to buy all the cakes and sing Happy Birthday to the celebrants each month?

Who's going to rock our floor(and conference calls) with her super loud crazy sneezes?

Who's going to force us to support the office team building activities that she helped plan/volunteer for?

Who's going to call you out for leaving the office early/walk into work late?

Who's going to force you to go to the gym with her, not one but two times a day?

Eva our world will never be the same without you. You lit up our lives not just like a candle, but like the moon in the dark sky. You were a force to be reckoned with, always taking charge and bossing us around. You were like our older sister or momma bear, looking out for us and taking care of us. You were our rock, always thinking of others even till the end. You were a joy to work with and a blessing to us all. We are going to miss you more than words can say.

Until our next oatmeal and coffee date, my friend.

“Eva was such a wonderful person and she will be missed dearly. I had the pleasure of working with Eva and I can't imagine being without her. She was just so motivating and positive at all times. I will miss our "meetings" in the breakroom while getting coffee and chit chatting about our weekends. She always asked how my kids were and we'd laugh at the funny things that they were putting me through. She was one tough cookie and now God has a Super Angel! Rest easy my friend!

“ I worked for Eva for many years and she was amazing! She was the most welcoming person, encouraging for everyone she came in contact with, and all around positive. I am so thankful for her influence in my life and how much she encouraged me all the time. I will miss her spunky, funny, energetic, and encouraging self. I have so many fond memories with her wonderful stories about her family and her laughing at all the stories about my daughter. She was always checking on my family... she cared so much and it showed in everything she did.
