Dear Aunt Evelyn, I can't remember a time when you didn't bring a smile to my face. Honestly, just thinking about you would make me smile from the time I was a child to right this moment You - so full of life, so many smiles to share, so many wonderful stories to tell, so much loving truth to spread around, and so much wonderful curiosity & care about the world & people in it. I've always loved how you are just unabashedly you. You have built a wonderful legacy through your family. One that will allow your light to always shine forward. I will miss you. I love you & your whole family. Rest In Peace. Look after all of us.
