“ *My Grandfather is my hero and always will be til I am gone. He will forever stay in my heart and will keep me strong. When I was a little girl he was so big and tall like the Jolly Green Giant with these huge hands that held my tiny hand while we walked side by side. The most safest place I knew was in my Grandfather's arms. Every time there was a thunderstorm or something scared me, I ran as fast as I could in my safe place. And every single time I don't care how times he would scoop me up and make everything better. No one in my eyes could ever hold a candle to my Grandfather. He was simply the best man God ever made. He will always be in the greatest part of my memories of my life. I miss him so much. My love for him well there is no words that could even come close to describe how much I love him. I feel very honored and privileged and proud to be his Granddaughter. I am truly blessed that I am a part of his bloodline and to have been a part of his life. I love you Grandpa and I always will.*
