“ Gabriel, I'm literally drowning in tears because you are the ONLY person in my life that I truly loved. You were always there for me, and I hope you know that I am always here for you. I saw you everyday. You even let your family meet me, and I could feel the love. I took you to oklahoma and showed you my hometown, you meant so much to me and I am heartbroken that I no longer see your face . But the bond we had is still unbroken, I watch every video and every picture I have of you and me. We were such goofballs. You taught me alot. You brighten my world. And it seems like my world is gone now. I could only imagine how much your family is hurting. You had a heart of gold. You left your legacy in the world through the love you gave each one of us. Until we meet again, I love you Gaby ❤️❤️❤️
